Annual Index

Volume 20/1989

JOURNAL OF SAFETY RESEARCH

A Joint Publication of

National Safety Council

A Non-Governmental Not-For-Profit Public Service Organization

Pergamon Press

NEW YORK / OXFORD / BEIJING

FRANKFURT / SÃO PAULO / SYDNEY / TOKYO / TORONTO

JOURNAL OF SAFETY RESEARCH

Editor: **Thomas W. Planek**, PhD, National Safety Council
Managing Editor: **Jean Stephenson**, MA
Editorial Assistant: **Jacqueline Waddell**

Consulting Editors: **George Benjamin**, MD
Alan Hoskin, BS
Kathryn Race, MA

EDITORIAL BOARD

Jerome I. Barancik, ScD, Brookhaven National Laboratory and State University of New York at Stony Brook
Ludwig Brenner, Jr, Advanced Safety Services
Bertram W. Carnow, MD, Great Lakes Center for Occupational Safety and Health, University of Illinois at Chicago
Alexander Cohen, PhD, National Institute for Occupational Safety and Health
James C. Fell, MS, National Highway Traffic Safety Administration
Mary Janke, PhD, California Department of Motor Vehicles
Margaret Hubbard Jones, PhD, University of Southern California
Frederick L. McGuire, PhD, University of California-Irvine Medical Center
Herbert Moskowitz, PhD, California State University, Los Angeles
Raymond C. Peck, California Department of Motor Vehicles
M. W. Perrine, PhD, Vermont Alcohol Research Center
Thomas H. Rockwell, PhD, Ohio State University
William E. Tarrants, PhD, National Highway Traffic Safety Administration
Frank J. Vilardo, DrPH, Indiana University
Alexander C. Wagenaar, PhD, Transportation Research Institute, University of Michigan
Julian A. Waller, MD, MPH, University of Vermont
Patricia F. Waller, PhD, University of Michigan Transportation Research Institute (UMTRI)
Lauress L. Wise, PhD, American Institutes for Research

Editorial Office: *Journal of Safety Research*, National Safety Council, 444 North Michigan Ave., Chicago IL 60611, USA.

Publishing, Subscription and Advertising Offices: Pergamon Press, Inc., Fairview Park, Elmsford, NY 10523, USA; and Pergamon Press plc, Headington Hill Hall, Oxford OX3 0BW, England.

Published Quarterly: *Annual institutional subscription rate* (1990): US$125.00; *Two-year institutional subscription rate* (1990/91). US$237.50; *Personal subscription rate for those whose library subscribes at the regular rate* (1990): US$50.00. *Members of the National Safety Council may order personal subscriptions at a concessional rate;* details of these rates are available upon request. Prices are subject to change without notice. Notify 8 weeks in advance of address change with a copy of the subscription mailing label. Back issues of all previously published volumes are available, in both hard copy and on microform, direct from Pergamon Press.

The *Journal of Safety Research* is indexed in Current Contents and Highway Safety Literature.

Annual Index

Volume 20/1989

Authors

Anttonen, H., and Pekkarinen, A. The comparison of accidents in a foreign construction project with construction in Finland, 20(4):187–195.

Bogett, W. R., and Rodriguez, L. Societal considerations in scaling injury severity and effects, 20(2):73–83.

Brown, D. B., and Maghsoodloo, S. A quantification of the impact of restraining systems on passenger safety, 20(3):115–128.

Brown, M. L., Mital, A., and Genaidy, A. M. Predicting maximum acceptable weights of symmetrical and asymmetrical loads for symmetrical and asymmetrical lifting, 20(1):1–6.

Clarke, S. W., Kalsher, M. J., Geller, E. S., and Lehman, G. R. Safety belt promotion on a naval base: A comparison of incentives vs. disincentives, 20(3):103–113.

Conroy, C. Work-related injuries in the meatpacking industry, 20(2):47–53.

Geller, E. S., Kalsher, M. J., Clarke, S. W., and Lehman, G. R. Safety belt promotion on a naval base: A comparison of incentives vs. disincentives 20(3):103–113.

Genaidy, A. M., Mital, A., and Brown, M. L. Predicting maximum acceptable weights of symmetrical and asymmetrical loads for symmetrical and asymmetrical lifting, 20(1):1–6.

Hancock, P. A., Wulf, G., and Rahimi, M. Motorcycle conspicuity: An evaluation and synthesis of influential factors, 20(4): 153–176.

Haque, M. O. Effect of the Victorian zero BAC legislation on serious casualty accidents: July 1984–December 1985, 20(3): 129–137.

Huizinga, M. A., and Murphy, D. J. A new approach to collecting farm accident data, 20(1):21–29.

Kalsher, M. J., Geller, E. S., Clarke, S. W., and Lehman, G. R. Safety belt promotion on a naval base: A comparison of incentives vs. disincentives, 20(3):103–113.

Klen, T. Costs of occupational accidents in forestry, 20(1):3–38.

Lehmann, G. R., Kalsher, M. J., Geller, E. S., and Clarke, S. W. Safety belt promotion on a naval base: A comparison of incentives vs. disincentives, 20(3):103–113.

Lohrmann, B. A., McDavid, J. C., and Lohrmann, G. Does motorcycle training reduce accidents? Evidence from a longitudinal quasi-experimental study, 20(2): 61–72.

Lohrmann, G., McDavid, J. C., and Lohrmann, B. A. Does motorcycle training reduce accidents? Evidence from a longitudinal quasi-experimental study, 20(2):61–72.

Maghsoodloo, S., and Brown, D. B. A quantification of the impact of restraining systems on passenger safety, 20(3):115–128.

McAfee, R. B., and Winn, A. R. The use of incentives/feedback to enhance work place safety: A critique of the literature, 20(1):7–19.

McDavid, J. C., Lohrmann, B. A., and Lohrmann, G. Does motorcycle training reduce accidents? Evidence from a longitudinal quasi-experiemental study, 20(2): 61–72.

McDonald, R. M. Organizational context and the use of accident investigation training, 20(2):55–60.

Mital, A. Consideration of load asymmetry, placement restrictions, and type of lifting in a design database for industrial workers, 20(3):93–101.

Mital, A. Genaidy, A. M., and Brown, M. L. Predicting maximum acceptable weights of symmetrical and asymmetrical loads for symmetrical and asymmetrical lifting, 20(1):1–6.

Murphy, D. J., and Huizinga, M. A. A new approach to collecting farm accident data, 20(1):21–29.

Pekkarinen, A., and Anttonen, H. The comparison of accidents in a foreign construc-

tion project with construction in Finland, 20(4):187–195.
Rahimi, M., Wulf, G., and Hancock, P. A. Motorcycle conspicuity: An evaluation and synthesis of influential factors, 20(4): 153–176.
Rodriguez, L., and Bogett, W. R. Societal considerations in scaling injury severity and effects, 20(2):73–83.
Saarela, K. L. A poster campaign for improving safety on shipyard scaffolds, 20(4):177–185.
Viano, D. C. Estimates of fatal chest and abdominal prevention in side-impact crashes, 20(4):145–152.
Winn, A. R., and McAfee, R. B. The use of incentives/feedback to enhance work place safety: A critique of the literature, 20(1):7–19.
Wulf, G., Hancock, P. A., and Rahimi, M. Motorcycle conspicuity: An evaluation and synthesis of influential factors, 20(4): 153–176.

Titles

The comparison of accidents in a foreign construction project with construction in Finland, A. Pekkarinen and H. Anttonen, 20(4):187–195.
Consideration of load asymmetry, placement restrictions, and type of lifting in a design database for industrial workers, A. Mital, 20(3):93–101.
Costs of occupational accidents in forestry, T. Klen, 20(1):31–38.
Does motorcycle training reduce accidents? Evidence from a longitudinal quasi-experimental study, J. C. McDavid, B. A. Lohrmann, and G. Lohrmann, 20(2):61–72.
Effect of the Victorian zero BAC legislation on serious casualty accidents: July 1984–December 1985, M. O. Haque, 20(3): 129–137.
Estimates of fatal chest and abdominal prevention in side-impact crashes, D. C. Viano, 20(4):145–152.
Motorcycle conspicuity: An evaluation and synthesis of influential factors, G. Wulf, P. A. Hancock, and M. Rahimi, 20(4): 153–176.
A new approach to collecting farm accident data, D. J. Murphy and M. A. Huizinga, 20(1):21–29.
Organizational context and the use of accident investigation training, R. M. McDonald, 20(2):55–60.
A poster campaign for improving safety on shipyard scaffolds, K. L. Saarela, 20(4): 177–185.
Predicting maximum acceptable weights of symmetrical and asymmetrical loads for symmetrical and asymmetrical lifting, A. Mital, A. M. Genaidy, and M. L. Brown, 20(1):1–6.
A quantification of the impact of restraining systems on passenger safety, S. Maghsoodloo and D. B. Brown, 20(3):115–128.
Safety belt promotion on a naval base: A comparison of incentives vs. disincentives, M. J. Kalsher, E. S. Geller, S. W. Clarke, and G. R. Lehman, 20(3):103–113.
Societal considerations in scaling injury severity and effects, L. Rodriguez and W. R. Bogett, 20(2):73–83.
The use of incentives/feedback to enhance work place safety: A critique of the literature, R. B. McAfee and A. R. Winn, 20(1):7–19.
Work-related injuries in the meatpacking industry, C. Conroy, 20(2):47–53.
